

Design for  
a Sustainable  
Future

[anu.edu.in](http://anu.edu.in)

A comprehensive undergraduate programme that makes students future-ready and trains them to create innovative and sustainable life. The programme combines solid design foundations with real-life projects to take on the world's complex, fast-changing and unpredictable design challenges.

## International Partners

Renowned international and national faculty

Collaboration with leading global universities

Community engagement opportunities

Contemporary sustainable campus

Award-winning pedagogy

# Majors

## Communication Design

Students learn visual strategies to design effective and engaging communication. It exposes students to various media such as graphic design, animation, film-making and others.

## Interaction Design

The programme trains students to design and develop interactive digital products, environments, systems and services required to solve contemporary challenges.

# B a c h

## Important Dates 2022-23

Application Opens **1 Nov 2021**

Early Deadline **16 Jan 2022**

Final Deadline **15 Jul 2022**

## Product Design

The programme trains students in a strategic problem-solving process through innovative products, systems, services, and experiences that drive innovation, build successful business and lead to a better quality of life.

## Space Design

Students gain an in-depth understanding of design analysis, space planning, aesthetics and applications required to design state-of-the-art spaces.

Minors

Urban Design  
Graphic Design  
Design for Health and Wellbeing  
Product Design  
Furniture Design  
Sustainable  
Lifestyle Fashion

## Sustainable Fashion and Textile Design

The programme draws from fashion, textile, technology and sustainability. It provides students with hands-on experiential learning in fashion and textiles within both indigenous and industrial systems and imparts a unique and comprehensive understanding of the discipline.

## Transdisciplinary Design

An amalgamation of all the disciplines at AnantU, this programme gives extended exposure to diverse fields of design. Students choose courses across all majors and carve their own career path.

## Moving Image

The Moving Image programme prepares graduates for careers in film, television and internet based media platforms. Merging live action, animation, motion graphics, cinematography and other skills, the programme offers an exciting blend of film theory and practice.

# D e s i g n

Duration: 4 years

Fees: Rs. 3,00,000\* LPA  
(10% YoY increase applicable)

\*Need-based scholarships  
available

# Amenities

- Student Housing
- Learning Commons (Library)
- Makerspace (Creative workstation)
- Sports facilities
- Canteen
- Computer lab
- Gymnasium
- Multipurpose hall
- Collaborative classrooms
- Infirmary
- Exhibition spaces
- Counselling centre
