

Design for a Sustainable Future

anu.edu.in

The postgraduate programmes offer a diverse set of design curricula, opportunities to study and work with peers from distinct backgrounds. It encourages to explore multiple perspectives within an interdisciplinary context. The programmes present the right balance of theory, praxis and industry engagement through classes structured around presentations, case-study discussions and real-life projects.

International Partners

Renowned international and national faculty

Collaboration with leading global universities

Community engagement opportunities

Contemporary sustainable campus

Award-winning pedagogy

Master of Design

Integrated Product Design

The programme, designed in collaboration with the University of Pennsylvania, draws from engineering, management and design disciplines. Students learn to analyse complex design challenges and use critical thinking tools to find relevant solutions. They learn about the fundamentals of conceptualising, designing and creating original products while also building business planning skills.

Urban Design and Development

Designed at the interface of architecture, planning and strategic management, the programme nurtures designers for smart cities who want to drive the change. It equips students with technical skills and makes them aware of emerging urban challenges to facilitate a discourse on solution-building. The programme enables students to implement real-life projects in association with various agencies.

Duration

2 years

Fees

Rs. 2,50,000* LPA

(10% YoY increase applicable)

*Need-based scholarships available

Research Masters-PhD

The programme is a unique and highly specialised integrated research masters – PhD programme in the built environment, design excellence and creative practice. Following the guidelines of National Education Policy (NEP), the programme allows flexibility to the candidate to select the mode of study (integrated or direct PhD), enrollment status (part-time and full-time), specialisation in multiple areas and tracks (inquiry versus practice).

Duration

2-5 years

Programme Track

PhD (part-time)

Rs. 50,000/annum

Research/Masters

Rs. 2 LPA

Candidates pursuing full-time

PhD will be paid stipend of

Rs. 20,000/month

Anant Fellowship

Anant Fellowship in Built Environment, AnantU's flagship programme, attracts passionate learners from diverse disciplines across the globe. The programme develops thought leaders and solutionaries who will create equitable and sustainable solutions by giving them the ability to view the world from multiple lenses. It achieves this through an interdisciplinary curriculum and a hands-on experiential learning process.

Duration

1 year

Fees

Rs. 5,00,000* LPA

*Financial assistance available

Amenities

- Student Housing
- Learning Commons (Library)
- Makerspace (Creative workstation)
- Sports facilities
- Canteen
- Computer lab
- Gymnasium
- Multipurpose hall
- Collaborative classrooms
- Infirmary
- Exhibition spaces
- Counselling centre
