Bachelor of Visual Arts

The programme has a sustained focus on creative practice and critical thinking through a transdisciplinary arts curriculum. The courses focus on fundamental principles, material understanding and inculcating dialogic skills. Drawing knowledge from various traditional arts, crafts and contemporary art practices, the programme explores the transformative potential of arts in the immediate world.

- Specialisations in Painting, Sculpture and Multimedia
- Explore visual art concepts, research and studio skills
- Be prepared, trained and equipped to become artists, curators, creative practitioners and researchers
- Develop essential research, writing, and critical reasoning skills
- Build knowledge about Fine Arts, Art history and Aesthetics
